

11/20/08

Dear Dr. and Mrs. M. Dale Alexander  
1766 Imperial Ridge  
Las Cruces, NM 88011

I am honored to be one of the recipients of the Outstanding Teaching Assistant Award. I was very happy and appreciative to learn that I was selected to receive your generous scholarship.

While my main interest is research in analytical chemistry, I have always shared a passion for teaching and making knowledge as accessible as possible to people who are just initiating their college life. My work as teaching assistant with freshman students has been a rewarding experience and has created all sort of expectations to pursue a future academic career in a educational institution.

I want to thank you once more for your support. Your generosity has inspired me to help others and give back to the community.

Sincerely,

Fabian Rios.  
Department of Chemistry, NMSU.  
Las Cruces.
